

Ms. Kanchan Siddharthan is an excellent teacher, who really cares about her students. she knows how to make us understand, how to reach us, in her own way. she turns a course that could be boring into an entertaining class. I can't remember having a teacher who seemed to teach in a way that catered to so many different learning styles. amazing teacher; very helpful and encouraging. **Many thanks to Model Career Centre-DAVV.**

Its a great privilege for me to be a part of Digital Marketing program. I strongly believe that the techniques and the aims of the teaching modules taught by **Mr. Shailendra Sial**, Sr. Internet Expert, are really interesting. I am very much thankful to Model Career Centre-DAVV, for organizing such a wonderful event.
